

KO Convenience: Multiple Financing Options

Orthodontic treatment is certainly an important investment in yourself or your child and we want to insure that your decision is a comfortable one for you. A complimentary examination is typically followed by gathering a set of diagnostic records (x-rays, photographs, models, etc.). Subsequently, a consultation with Dr. Bowman to review his findings and recommendations is scheduled with you to answer all your questions.

Kalamazoo Orthodontics, P.C. offers a number of flexible payment options for your convenience and to help make orthodontics more accessible for our patients. We work with most insurance companies, offer in-house and several third party financing options including the popular: Springstone™, CareCredit®, and ChaseHealth Advance™. These companies may offer no down payment, no-interest, and extended plans that we can help you with.
